

Our Mission

Our mission is to assist and support people with disabilities to enhance the quality of their lives through increased independence in work and leisure activities.

Our Core Values

INDIVIDUALS MATTER

Every individual deserves to be given dignity and respect.

IT'S POSSIBLE

Anything can be accomplished through teamwork and innovation.

ADD VALUE

Do better. Do more. We believe that when we can, we should.

MOSAIC

A Community of Care & Connection

Personalized Support— Meaningful Engagement

At Mosaic, we offer more than just a day program—we create a vibrant and supportive community where you can learn, connect, and thrive! Our engaging program is designed to provide the perfect balance of fun activities and personalized support, including personal care, nursing services, medication administration, and daily health monitoring. Whether you're exploring new interests, making friends, or receiving the care you need, Mosaic is a place where you are valued, respected, and empowered to live life to the fullest!

...creating meaningful experiences
that enhance daily life.

Enhancing Lives, Together

Mosaic is about more than just healthcare—it's about living well. Our program offers engaging activities that promote physical health, personal growth, and happiness. Every activity is designed to align with participants' needs and interests, creating opportunities to strengthen current skills and develop new ones in a supportive and enriching space.

From creative expression to skill-building exercises, we focus on nurturing abilities that enhance independence and well-being. Whether participants are maintaining mobility, improving motor skills, or exploring new interests, we ensure a positive and inclusive experience every day.

Connecting with the Community

At Mosaic, we believe that experiences beyond our center are just as important as those within it. Our program includes regular community outings that encourage social engagement and exploration. Whether it's visiting local parks, exploring museums, shopping, or enjoying group outings to fun and exciting destinations, participants have the opportunity to connect with the world around them. These outings foster independence, build confidence, and create meaningful experiences that enhance daily life.

Your Pathway to Enrichment and Care

Mosaic provides six hours of structured programming each weekday, ensuring a balance of care, activities, and community engagement. Our person-centered approach supports participants in achieving their goals while fostering a sense of belonging and purpose.

Referral and Enrollment Process

Schedule a Tour

Reach out to our Client Services Manager to schedule a visit, ask questions, and learn more about our services and eligibility requirements.

Connect with Your FNRC Service Coordinator

Speak with your Far Northern Regional Center (FNRC) Service Coordinator about joining our program. They will submit a referral to WTC on your behalf.

Referral Review

Our team carefully reviews each referral to ensure a strong match between the program and your individual needs.

Enrollment Requirements

- Participants must be 18 years or older and require ongoing medical support.
- Nursing procedures and personal care needs will be assessed during intake.
- Participants must be able to function in a 1:3 staff-to-client ratio.
- Participants must be able to engage safely in the program environment.
- There are no mobility restrictions, though adaptive equipment must be in safe working order.
- Personal equipment used in the program must be maintained to ensure safety.
- Space is limited for individuals who use wheelchairs.
